

EVERGREEN'S

SUMMER WEDNESDAYS

Fun for the whole family

Beat that mid-week slump with a family night out

- 1 Grab the family and head down to Evergreen Brick Works. If you're up to it, try taking a trail by foot or by bike and explore the ravine on your way.
- 2 Once you've worked up an appetite, head to the Children's Garden for delicious seasonal fare to share.
- 3 As you savour your meal, the youngest members of your family will discover what fun can be found in the Children's Garden.
- 4 Head over to the Pavilions, where most nights you'll find a bike obstacle course! If your family isn't ready for testing their skills yet, warm up with a round of bocce or check out the food options from a variety of Toronto food trucks.
- 5 If you're feeling tucked out, refresh with a drink from the Sipping Container. Have a juice or a soda, and if you're 19+ maybe go for something a little stronger!
