Who says Wednesday can't be date night?

- 1 Start your date night right with a bite to eat, whether you're in the mood for oven-fired seasonal veggies & freshly baked bread from Forno Cultura or prefer a bite of flavourful fare from a food truck.
- 2 Grab a drink. Whether you're a craft beer kind of person, enjoy a sweet Ontario cider, or prefer a glass of wine, visit the Sipping Container for a beverage of your choice.
- 3 Play a round of bocce or sit back and relax on Mud Creek Terrace to soak up the last remaining daylight.
- 4 End your memorable evening listening to one of the rotating buskers, or watch the Live Music Series, presented by Muskoka Brewery, on July 4, August 8 or August 29.
- 5 Still not ready to go home? Take a stroll through the Quarry Gardens. Together you can enjoy the beauty of nature and forget you're in the middle of a city. If you're feeling adventurous, hike to the top of the lookout and watch the sun set over Toronto's skyline.
