BRING YOUR EVENT TO LIFE

Transform what you've
imagined into reality.
Host your next event
at Evergreen Brick Works.

As a re-purposed industrial site nestled in a lush ravine setting, Evergreen Brick Works represents a one-of-a-kind location for your event. Each one of our venues is a blank canvas where exposed elements such as brick, steel, concrete and vibrant graffiti provide a backdrop for your vision to come to life.

Our expansive, flexible site allows for events of any size with several breakout spaces, serving as the perfect setting for conferences and immersive activations.

HOST YOUR NEXT EVENT AT A SIGNIFICANT HISTORIC SITE

The Don Valley Pressed Brick Works Company operated for over 100 years and at its peak, produced 43 million bricks annually. Many of the buildings, homes and landmarks of the City of Toronto are clad in bricks produced at the Brick Works. Shortly after the Don Valley Pressed Brick Works Company closed in 1984, national not-for-profit, Evergreen, saw the potential of the site and the heritage buildings that remained. In 2010, Evergreen Brick Works opened and continues to be a leading example of how past and present can work together in green design.

Evergreen Brick Works is a social enterprise and an award-winning showcase for green design. By choosing to host your occasion with us, you'll be making a difference. All proceeds from your event will directly support Evergreen's not-for-profit work across the country.

About Evergreen

Evergreen is a not-for-profit dedicated to making cities flourish. Since 1991, our organization has been transforming public spaces into great places so communities can thrive.

We believe that by connecting people and natural and built worlds, we can enable Canadians to do great things that shape our cities for the better.

CRH GALLERY & KOERNER GARDENS

These adjacent spaces combine to form our largest and most dramatic venue. The century-old brick kilns, raw steel, and authentic graffiti allow you to create a rustic and industrial atmosphere. CRH Gallery is ideal for large-scale presentations, conferences, and demonstrations while the open-air gardens, with its native plants and natural light, creates an inviting ambiance for mingling and networking.

CRH Gallery features overhead skylights with retractable shades along with sliding glass walls that offer a natural flow from Koerner Gardens into the reception space. A loading bay allows food trucks, mobile photo booths and more to be part of your event.
